Whereas, in the State of New Jersey all Justices of the Peace have the power to perform matrimony, and,

Whereas, The State looks on marriage as a Civil contract, it nevertheless considers such contract profoundly sacred, because this continued and happy union of two persons is the foundation of the State and its surest safeguard for continuing the existence of the State, and,

Whereas, to make marriage a travesty is not only an offense against private morals, but public safety, and marriage is considered a travesty by many of the Justices of the Peace, from the fact that they make it a traffic in which their only object is gain. A majority of these Justices have abused their powers and for this reason I call the attention of every mem-

By Alderman Loughran:

Whereas, The corporation of Jersey City employs at annual expense to

the tax payers of the municipality exceeding $10,000. a Corporation Counsel, an Assistant Corporation Counsel, a Corporation Attorney and a Secretary; and

Whereas, it is plainly within the design of the various acts authorizing the employment of the foregoing legal talent that the various departments or boards of this municipality should have the prompt legal advice which is so necessary in all administrative or legislative detail, and

Whereas, the operations of this Board in common with that of other Boards of this City has been and is constantly seriously delayed and hampered by the frequent cumbersome methods entailed through absence from their meetings of a representative of the City's Law Department, Therefore, be it

Resolved, That on and after this date there shall be present at each and every meeting of this Board a representative of the Law Department of this City.

On motion of Alderman Kiernan the resolution was laid upon the table.

By Alderman Loughran:

Whereas, There is good reason to believe that very considerable amounts of the necessities of life are held in the various cold storage warehouses in this City, and

Whereas, The high cost of living is frequently maintained by reason of the withdrawal from consuming buyers of great quantities of food stuffs which being so withdrawn assists speculation to establish a range of ficticious values in the maintenance of which places a serious burden on a large number of our citizens, and

Whereas, Believing that a public monthly report made by all cold storage warehouses showing the amount, variety and description of each and every necessity of life held on the last day of each month would result in benefit to the consumer through destroying the plea that high food values were due to actual scarcity, Therefore be it

Resolved, That on and after the passage of this Odinance all cold storage warehouses doing business in Jersey City, N. J., shall be required on or before the 5th day of each and every month to make a report to this Board showing the amount of such necessities of life held by them in storage on the last day of the preceeding month, Therefore be it

Resolved, That the term necessities of life referred to in this Ordinance, shall cover the following articles of commerce: Butter, Cheese, Poultry, Beef, Mutton, Lamb, Fruits (of every description).

Referred to Corporation Counsel.

By Alderman Holland and adopted:

Whereas, Chapter 183, Laws of 1911, require the Board of Aldermen to re-adjust election district lines that have within such districts more than 400 votes cast at the last general election, and that this Board having the information that there are four election districts in Jersey City, wherein more than 400 votes were cast at the last general election, immediately proceed to re-adjust pursuant to said law, and does hereby order the re-adjustment of the boundaries of said election districts so that no election district shall contain over 350 registered voters, therefore be it

Resolved, That the boundaries of the various election districts of this City be and remain as at present existing except as hereinafter described, to wit:

OFFICERS' COMMUNICATIONS

A communication from Warren Dixon, Esq., Corporation Counsel, relative to the Dance Hall Ordinance, to the effect than an ordinance cannot become effective prior to its legal adoption, etc., was presented, received and ordered filed.

The following communications from Warren Dixon, Esq., Corporation Counsel, were presented, read, received and referred back to the Corporation Counsel:

Jersey City, N. J.,
June 24, 1912.

John H. Morris, Esq.,
City Clerk,
City Hall,
City.

Dear Sir:—

In reply to your communication of June 21st, inst, wherein you inquire on behalf of the Board of Aldermen whether that Board has power to pass the supplement to the Building Code, copy of which you enclose, would state that in my opinion, the Board has such power.

Respecting your inquiry as to whether the Board of Aldermen "has authority to appoint members of the Board of Examining Engineers, or does the appointment rest with the Civil Service Commission", would say that I am not informed as to the nature or powers of the so-called "Board of Examining Engineers", and would thank you for a reference to the law under which they are appointed, if such exists, and also for a statement as to its supposed power, upon receipt of which I will be glad to more particularly advise the Board of Aldermen with respect to the matter. I might say, however, that as I understand the law, the "Civil Service Commission" has no power of appointment to any municipal office.

Yours respectfully,
WARREN DIXON,
Corporation Counsel.

Jersey City, N. J.,
July 13th, 1912.

John H. Morris, Esq.,
City Clerk,
City Hall,
City.

Dear Sir:—

Replying to your communication of July 9th, would say that while it is clear that the Civil Service Commission has placed the members of the Board of Examining Engineers of Jersey City in the Competitive class of the classified service, nevertheless, I am of the opinion that the Civil Service Commission is in error in so classifying.

Section 11 of the Civil Service Act of 1908, as amended by Chapter 195 of the Laws of 1910, page 318, provides that the unclassified Service shall not be subject to any of the provisions of said Act, and shall include the following classes, inter alia: "Also all heads of departments, the members of commissions and boards elected by the Board of Aldermen, Common Council, or other governing body of the municipalities that may adopt the provisions of this Act."

In my opinion the Board of Examining Engineers, created under the City ordinance of July 17th, 1906, Section 2, is a Board elected by the Board of Aldermen, and consequently is within the unclassified Service of the Civil Service Act, and not subject to its provisions.

I return you herewith your copy of the 4th Annual Report of the Civil Service Commission.

Yours respectfully,
WARREN DIXON,
Corporation Counsel.

(Aldermen Callahan and Cassidy appeared and took their seats and Alderman Graham retired).

STATE OF NEW JERSEY
Civil Service Commission
Jersey City, N. J.,
July 15th, 1912.

John H. Morris, Esq.,
City Clerk,
City Hall,
Jersey City.

Dear Sir:—

Information has been lodged in this office that it is the intention of the Common Council of Jersey City to appoint a member or members of the Board of Examining Engineers provided for by Chapter 297 P. L. 1910—P. 530, and this is written to call your attention to the fact that said Board of Examining Engineers is in the Competitive class of the Civil Service and that any appointees must be taken from the eligible list of persons who have passed the competitive examination for one of these positions. I give you this information because it is suggested that perhaps this feature of the law has been overlooked by the members of the Council.

Yours very truly,
J. R. MULLIKIN,
Pres. Civil Service Commission.

OFFICERS' COMMUNICATIONS

The following communication from the Corporation Counsel was presented, received and ordered filed:

LAW DEPARTMENT.

Jersey City, N. J.,
Oct. 15th, 1912.

Hon. Board of Aldermen,
Jersey City,

Gentlemen:—

Replying to your request for my opinion as to the validity of the proposed ordinance of Messrs. Teeling and Holland, respecting use of mufflers on motor vehicles and the regulation of sign boards, etc., I respectfully advise you that in my opinion the subject matter of Alderman Teeling's ordinance is not within the powers conferred upon your Board for enactment. The act of 1891 creating the Board of Street and Water Commissioners (P.L. 1891, page 255) confers upon that Board all the powers, rights, duties and authorities as are or may be by law vested in and imposed upon or exercised by the Board of Aldermen, etc., having power to control and regulate the use and occupation of the streets, avenues and highways and sidewalks in such city, etc. The proposed ordinance clearly has to do with with the regulation of the use of public streets and in my opinion is within the sole supervision of the Board of Street and Water Commissioners.

Respecting the proposed ordinance of Alderman Holland would say that that also is far too broad in its terms for the same reason, it is, however, within your power to enact an ordinance to regulate the size, heighth and dimensions of division or partition fences, viz: fences dividing the properties of adjoining land owners within Jersey City, this authority you have under P. L. 1904 as amended by P. L. 1907, page 419, and if such is your purpose I would suggest that you request the Corporation Attorney to

draft such an ordinance as will remedy such evils as you wish to correct.

Very truly yours,

WARREN DIXON,
Corporation Counsel.

Received and ordered filed.
